ROLL UP BANNER | 🕬 🕕 😢 🖯 Large Roll Up

4 widths available

NEPAL

quick and simple set-up

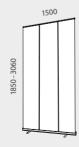

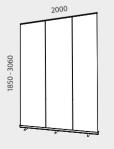

INFORMATION

The Nepal Roll Up banner has 4 widths available. The width of 1500mm and 2000mm has 2 pertigas in its structures for a better firmness. Also, the 2000mm wide model has 3 bases to improve its stability. This Roll Up banner stand is an extra wide, extra tall marketing display that is perfect as a backdrop in trade show booths, press conferences, and other promotional events. Because it is so large, the Nepal 1500mm and 2000mm wide are especially suitable when your message needs to be seen from a distance.

If you are looking for something bigger, the 2000mm wide, being the widest roll up of the series Nepal is the perfect alternate to a trade show booth or pop up display. Create a unique backwall design that is equally as impressive as the standard Pop Up exhibits. Nepal Roll Up 2000mm wide is perfect for trade shows, convention centers, press conferences, expositions or media events to create a lasting impression with event attendees at every exhibit.

EVEREST

INFORMATION

The Everest Roll Up banner is made of durably aluminum with magnetic side connection parts. Featuring 3m height, Everest is designed to grab the attention of anyone in the room. At the top of each banner stand, there are patented magnetic connectors that allow you to join together the multiple units with a simple "click". The magnets are located on the sides of the banner rails at the top of each display. Because of its size, the Everest Roll Up graphic mural is a great alternative to pop up displays and trade show booths. Set up is quick and easy, and users can adjust the height tilting lowering the Roll Up Banner. Additionally, a canvas carry bag is included. This Roll Up makes a great graphic mural in trade show booths, press conferences, convention centers, malls, expositions, retail stores or any media event where their large graphics can be seen from at the distance.

MONT BLANC

INFORMATION

If you are looking for something bigger, the Mont Blanc Roll Up Banner is 2000mm wide and features an adjustable height up to 3060mm to grab the attention of anyone in the event. Mont Blanc is the perfect alternate to a trade show booth or pop up display. Due to the large height of this banner stand, assembly is easiest when you set up along the floor and then stand the display up. Also thanks to its telescopic capacity, it is not necessary to find locations with high ceilings to be able to expose it, with a minimum height of 1700mm, the roll up Mont Blanc can be used in any other smaller places. The banner stand comes with a carrying bag to make transport of your display simple. This bag protects the unit when not in use, and a shoulder strap makes moving the bag easy. Create a unique backwall design that is equally as impressive as the standard Pop Up exhibits. Mont blanc Roll Up is perfect for trade shows, convention centers, press conferences, expositions or media events to create a lasting impression with event attendees at every exhibit.

TINEO MULTIFUNCTION SHELF

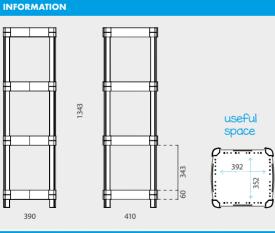

With exposed sides, this 4-sided plastic shelving unit lets customers easily access the items on display while also providing you a means to quickly restock. To make things even easier, the multi-function Tineo shelving is designed to support new configurations applied by the customer, such as turning it into a display cabinet by using panels or incorporating graphics to the sides. Easy to assemble, each piece is designed for quick installation and use. Features 3 colors for your own customization: white, red or blue. Combine your pack of 4 shelves and 4 covers with the pack of 12 poles + 4 bottom feet. If you want to turn this shelf display to mobile, wheels for Tineo are also available. Tineo has multiple functions for selling, displaying or promoting products, so is a practical display case that will look great in markets, shops, exhibition events, stores or even at home.

ANADIA

INFORMATION

The Anadia frame is constructed from aluminum and has a matte silver finish. Just beneath the extruded aluminum frame sides are spring clips that are responsible for the Click spring-loaded action. Once they are pressed between the face frame and internal channel, instant spring-loaded tension is achieved. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. It can be mounted vertically or horizontally, depending on your sign or advertisement. We supply this frame with the necessary screws and hangers for wall mounting. This Frame is perfect for being used in restaurants, retail stores, community centers, movie theatres, airports, supermarkets, banks or any other location requiring frequent changes of advertisements.

ANADIA DOUBLE-SIDED

silver anodized aluminium finish

INFORMATION

The Double-sided Anadia frame is constructed from aluminum and has a matte silver finish. It can be mounted vertically or horizontally, depending on your sign or advertisement. We supply this frame with the necessary screws and hangers for hanging. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. This frame features 2 ways visibility, increasing advertisement exposure. Ideal for hanging in a storefront window to advertise the passersby and customers within their institution, also this frame has a location flexibility, so users are no longer restricted to walls for posting signage. Hanging signage systems from the ceiling allow for placement overhead, in a central location. With this better space utilization, these window displays leave wall space open for exhibiting other advertisements or objects, so it's perfect for using in stores, community centers, airports, supermarkets, etc.

LIMA

INFORMATION

The Lima frame is constructed from aluminum and has a matte silver finish. Just beneath the extruded aluminum frame sides are spring clips that are responsible for the Click spring-loaded action. Once they are pressed between the face frame and internal channel, instant spring-loaded tension is achieved. Insert your posters or graphics on top of the back panel, replace the lens, and flip the sides down to hold everything in place, so updating a presentation takes only a few seconds. It can be mounted vertically or horizontally, depending on your sign or advertisement. We supply this frame with the necessary screws and hangers for wall mounting. This Frame is perfect for being used in restaurants, retail stores, community centers, movie theatres, airports, supermarkets, banks or any other location requiring frequent changes of advertisements.

TENSION FABRIC DISPLAY | 📾 🚳 🔗 🖯 🕦 🜚 Textil Boards

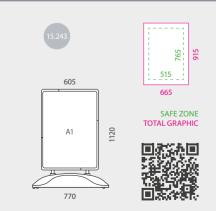

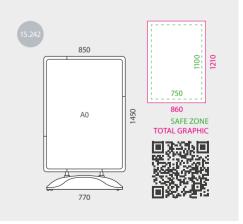

Mikonos features a lightweight aluminum structure with a refillable plastic base that assembles in seconds (It is 3.95kg weight and it can be filled with 17l of water). Also, the Textile Boards are also simple to setup. All the aluminium poles fit together and snap into base. Simply stretch the wrap over the completed base and it's ready to use. The aluminium structure is affixed to the base with 2 large springs, so it stays stable in windy conditions. Built-in wheels also make this board easy to move as needed. Carrying bag is included for an easy storage and transportation. Denote your business with the innovative design and versatility of textile printing. Ideal for trade shows or promotional events. The Mikonos outdoor board is ideal for being used at heavily-trafficked areas such as tradeshows, events, stores or malls.

* Custom textil printing in full color is available but not included.

ALUMINIUM FRAMES | (1) (10) (20) (20) Click Displays

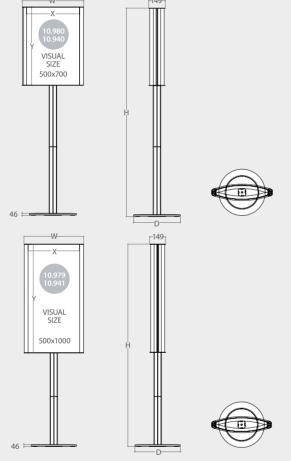

The Leinster double-sided display is built from sturdy, durable aluminum frame. With an easy-to-use snap frame and edge-lit LED bulbs, Lainster lightbox stand is useful for darker venues, such as halls and movie theaters. The convex holder helps graphics pop out, ensuring that the double sided poster display can be seen from any angle. Designed for day or night time use, the illuminated lightbox stand has clear PVC lens to prevent glare, while the LED bulbs highlight signage.

Marco luminoso Led. Perfil com sistema "click" em alumínio anodizado. Transformador e película antirreflexo incluídos.

> Marcos luminosos a pared con sistema de apertura "click". Fabricado en aluminio. Incluye anti-reflex y alimentación eléctrica.

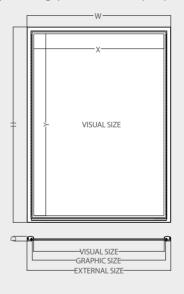

YUCATAN

This window hanging light box for daily use combines the power of LED illumination technology with the elegance of a thin profile. The frame on each model is 17.8mm thick, making it one of the slimmest marketing devices currently available. Small LED bulbs in the sides of the window hanging light box frame prevents against "hot" and "cold" spots appearing on the graphics. The diffusion pattern within the lightbox makes sure that the beams shed evenly over the images. Users can also adorn this LED signage to the wall. The thin window hanging light box showcases posters and graphics in either landscape or portrait orientation.

TABLET STAND | 1 P P Table Stand

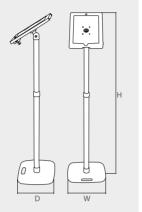

INFORMATION

This stylish secure tablet floor stand is designed for both sitting and standing thanks its telescopic pole. It has a stunning black finish. Also, an anti-theft system keeps the technology safely locked for secured public use and provides owners with a key for access. Users may easily rotate 360° or tilt the bracket of the adjustable tablet floor stand for different viewing angles. Tablet Holder has foam pads for a better grip and to prevent the scratches. The touchscreen holder's unique design allows access to the home and power buttons while also leaving the auxiliary port open, perfect for credit card readers. Ideal for trade shows, academies, exhibitions or events.

This aluminium lectern includes a 19mm thickness white wooden reading surface with a matching aluminum post and circular base offering modern visual displays. The reading surface on this lectern includes a book stop to support your notes during a presentation for award recipients, sheet music for a performance, or a seating chart to assist a hostess, also it features an adjustable angle view for the reading surface. With its sleek contemporary design, this podium is easy to assemble, requiring only a screwdriver and a few minutes. Its silver aluminum pole and base are durable and will last through years of performances and presentations This stylish yet affordable lectern is a great addition to any presentation space, such as auditoriums, restaurants for menu displays or convention centers to attract the attention of your audience.

(i) OPTIONAL ACCESSORY

The back of the surface of this Lectern provides the possibility of attaching an Alulon Poster System (Ref: 10571) to place a banner and customize the look of the lectern. For more information, see the article in chapter 1 of this catalog.

screws!

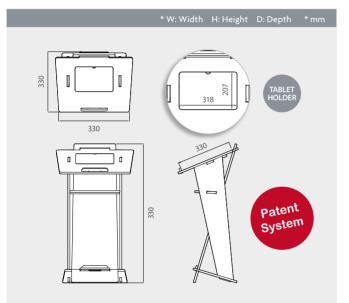

INFORMATION

This stunning wooden lectern does not require the use of any tools for its assembly thanks its Patent System. Each of its 10 pieces is designed to complete a sturdy and firm structure in very few steps. It is made of 16mm thickness Waterproof MDF Wood with a natural stylish grey finish. It features one shelf in the interior of the lectern, so this way, the extra brochures, business cards and documents can be stored out of sight so your exhibition always appears clean and organized. Also, it features a 318x207mm holder at the top surface for placing securely a tablet. The Fast Wooden Lectern is ideal for being used at auditoriums or convention centers to attract the attention of your audience.

Porta-catálogos de parede, fabricado em alumínio e acrílico. Capacidade de 8xA4.

Portafolletos a pared, realizado en aluminio y metacrilato. Con capacidad para 8xA4.

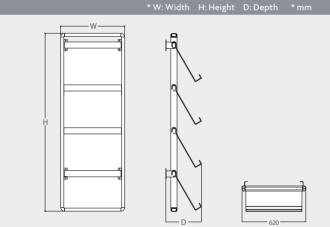

INFORMATION

Athy Brochure Wall Holder has 4 shelves and it is designed to accommodate 2xA4 portrait format documents by shelf. The magazine rack is wall mounting, giving you more floor space while still providing passersby with information. This type of rack system allows you to adjust the literature holders to the size you need. In this manner, it is up and out of your way, while remaining at eye level for your customers. Athy Holder is ideal for an office or lobby. Also see it in waiting rooms to hold your magazines and newspapers, or in information centers, travel bureaus and clinics to hold your brochures.

LED Light boxes are suitable for any Cable Kit sytem (using a maximum cable of Ø 1.5mm). A4 and A3 sizes available. Magnetic sealed. Ideal for being used on showcases, walls, travel agencies, real estates, banks, etc.

Porte affiche en acrylique. Lumineux, format A4 ou A3. Fixation pour câble de Ø 1.5 mm. Idéal pour vitrines, agences de voyages, agences immobilières... Marco Led para cable kit (válido para qualquer sistemas utilizando um máximo de cabo de Ø 1.5 mm). Disponível em A4 e A3. Fecho magnético. Ideal para montras, agencias de viagem, imobiliárias, bancos, etc.

Marcos LED para Cable Kit (disponibles en A4, A3 y válidos para cualquier sistema empleando un máximo de cable de Ø1.5mm). Sellado de gráfica magnético. Ideal para escaparates, agencias de viajes, inmobiliarias, bancos, etc.

INFORMATION

This Light Box System for CableKit uses 12V safe power and ultra bright LED lights. These light boxes can be used with any of the CableKit systems seen earlier in this chapter. Compatible with 1.5mm diameter cable, these holder boxers can be used in a wide range of ways so users can create their own display based on their needs. This light holding system is available in $\ensuremath{\mathbf{2}}$ formats (A4 and A3). Light Boxes are ideal for being used on showcases, art expositions, storefronts, restaurants, hotels, banks, travel agencies, etc.

The Kit Power Supply and its Power Connector are supplied separately (see below). Also, the LED light boxes feature a magnetic sealed design which makes it easy and fast to change the graphics or signages.

SHELF PRICE HOLDERS | 🕕 🛞 Shelf Magnet Base Holders

This magnetic shelf holder system features multiple solutions to the $implementation \, of \, graphic \, promotions \, to \, metal \, shelves. \, The \, base \, is \, made$ of ABS with a magnet inside, it sizes 40x70mm, also it can be rotated to adjust exposure to optimal angle. To adjust the pole angle to the desired exposure, simply detach the base slightly from the angle bracket 2, adjust the pipe to the proper angle 3, and return the base to its original position so that it is secure 4. The aluminum pole offers the possibility of approaching the promotion to the passerby and has several options to hang different sizes of graphics, including transparent movable hooks, $transparent \, movable \, clips \, or \, grippers \, for \, attaching \, posters \, or \, promotions.$ Either to be used on or below the shelf, several models are available to meet your needs. This multi-position holder system is often used on metallic shelves, poles or walls, so it is widely used in shopping malls specially in shopping center, supermarket aisles or pharmacies.

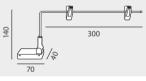

CLAMP ANGLED MULTISHELF BASE

This multi-position holder system features 2 transparent clamps and an angled pole wich is ideal to get an extra separation from the product.

CLAMP STRAIGHT MULTISHELF BASE

This multi-position holder features 2 transparent clamps and a straight pole wich is ideal for occupying as

little space as possible on the shelf.
